Il Tempo

Welcome to *Il Tempo* (The Times), the Newsletter of the Barony of Ponte Alto, one of the northern baronies in the Kingdom of Atlantia.

Il Tempo strives to be an informative read that you look forward to. To this end, we are always appreciative of any contributions to it, perhaps an article of a project you are working on or are interested in, how to make/play a period game, your experience at an event, how/what to prepare for a day trip, a recipe/piece of garb that you've made, documentation on an item you've completed - a how to on documentation, a few words on a historical person/event, photos, a book review, something to share with a newcomer - perhaps a short autobiography of your persona or how you came to figure out your persona.

The list can go on for ages - only limited by the speed at which our hands can write out what our minds can think of.

Come, share with us adventures in the great Barony of Ponte Alto, in the grand Kingdom of Atlantia, in this - the current Middle Ages!

- I'd like to start a section that talks about the different officer positions, what you do, and how you found the SCA, like an interview.

Garb Attempts: First Time Making Roman

By Juliana le Webbe

So, the second time I made garb, I made Roman. This was back in early August 2021 for Stierbach's Baronial Birthday and was the second in-person event I'd ever gone to. I didn't want to wear my Hiberno-Norse gear for several reasons.

- I boiled when I wore that a month earlier, so I didn't want to continue to boil.
- I enjoy making things, so I wanted to make something new.
- I took Latin in high school and became pretty obsessed with the clothing of that time, so I wanted to make some.

So what was I to do, but make more garb? Please enjoy these not very flattering images of me trying on my gap-sleeved tunica.

I made this Roman gap sleeved tunica with 3.5 yards of a double layer cotton gauze. In pink, obviously. It was one of the easiest projects I've ever completed! The bottom hem encases a rope of lead weights to make sure the cotton gauze hangs properly, as it tends to crumple upward when it wrinkles.

The only "complex" part was adding the rosettes to make the anchor points for the "gaps". I don't think it's noticeable at this distance, but each of those rosettes has a pearl bead at its center. Romans were nuts for pearls, absolutely giddy. So, pearls.

Side note: The best way to belt this, I've found at least for simplicity, is right under the bust. Then messing with the folds for proper drape.

When wearing something like this, it should be noted what site you're going to be at when you are wearing something long. Also keep the weather in mind. On the day I wore this in early August, it was raining, it was mostly outside, and my hem got at least 6 inches of water from the bottom because of walking on the grass. So maybe next time I make sure to have one of these that's shorter, or zhuzh the fabric more above the belt, or even double belt to raise the hemline. You live you learn, I suppose.

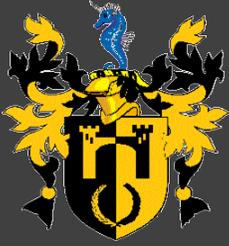

I added a selection of fake pearl jewelry I found at a thrift store (I can't emphasize this enough: Romans were nuts for pearls) and a palla I made out of a strip of RIT-dyed cotton muslin.

There are two things that I would do better differently were I to make a muslin palla again. The first is to try and get already dyed muslin, as dying this myself in a pot was annoying. Turns out I don't like that bit. (This was before I decided I wanted all my headwear to be yellow/gold, which is why this is blue.) The second is to make it longer. In my later research, which I am not linking here, is that pallas were about 4 to 5 yards long. Meaning, my probably 3 or less yard palla is not long enough to be "accurate".

Though it would be a good length if retaining, to pin to the shoulder so as not to have to support and carry it with the arm.

Looking for Largesse

We are in need of largess for the upcoming year! Please contact Her Excellency about your donations. 😊

Art Spotlight: The Virgin Mary and Five Standing Saints above Predella Panels

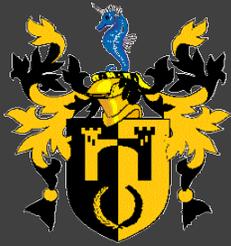

German, circa 1440–46

From the Met's website:

The three lancets on the left were originally placed over the three on the right in the north nave of the former Carmelite church at Boppard-am-Rhein near Koblenz. The slender, elongated figures enveloped in soft, trailing drapery and placed under soaring canopies suggest that the glass painter was well versed in the prevailing style of the Lower Rhineland, particularly that of Cologne. The marked preference for grisaille (shades of gray), both in drapery and flesh tones, further indicates a Cologne connection. At the left Saint Servatius, bishop of Tongres, holds a key presented to him by the pope in recognition of his fight against heresy, symbolized by the dragon he tramples. The antiheretical reference is echoed below by Saint Michael, who weighs souls and tramples evil. The Virgin appears in a robe adorned with representations of corn or wheat, an iconographic type stemming from litanies of the Virgin likening her to a field of grain nourishing humankind with the bread of life. Beneath her are the arms of the bishop of Liège, whose diocese may have donated the window. Below Saint Catherine are the arms of the coopers' guild of which she was patron saint. Saint Dorothy is shown accompanied by the Christ Child.

Looking for a way to get involved? Why not try retaining!

What is retaining?

Their Excellencies need help with taking notes (e.g. for gifts or to-do stuff), staying hydrated, reminders to stay on schedule, fetching things, and otherwise keeping Their Excellencies comfortable and out of trouble (especially the Mongol one)!

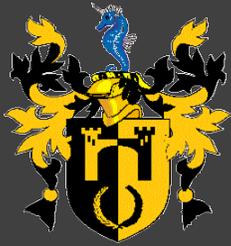

Who can retain?

Anyone can retain! If you've got free time at an event, Their Excellencies will be very appreciative of your assistance. Plus, it's a great way to learn more about what it means to be part of the pageantry of the SCA!

How can I volunteer?

If you are interested in volunteering, or even just finding out more, reach out to our head retainer!

We really could use your help!

There are several positions in our Barony that could use a Deputy; actually, all of the positions that we have could benefit by having at least one deputy.

Why a Deputy? Well, it is easy for any one of us to intend to do something if we don't consider that the SCA is what we do with our time after we are finished doing what we do to pay the bills.

With deputies, the workload can be shared, allowing more work to be accomplished with less time and stress for any one individual.

Besides, it is a great way to work with others to do something different to help make yours, and others', SCA experience that much better!
